Materials:

6mm Tunisian crochet hook

100g skein of chunky weight wool

Approx 30g of worsted weight contrasting colour

Wool needle

Scissors

Notes:

Pattern is written in American English terminology. For English (UK) terminology change the following:

(Single crochet = double crochet, half double crochet = half treble, double crochet = treble)

This pattern is made using a double Tunisian crochet, if you're familiar with the normal Tunisian crochet pattern this is easy to learn:

Start with a ch-2 for height. Yarn over (YO) and insert hook behind the next vertical bar, YO and pull up a loop, YO and pull through two loops on hook, leaving one loop on hook as per normal Tunisian stitch, continue as normal on return.

Tension is not important in this project as you continue on until your desired length, but a medium tension should be used for best results.

Abbreviations used:

CH=Chain

TC= Tunisian crochet

DTC= Double Tunisian crochet

SS=slip stitch

DC=Double crochet
